**Bond Amount:** \$1075.00

**Purpose of Inspection:** Site Closure Inspection. This site was inspected as a reclaimed site on 05/27/2009

#### Inspection Summary:

Permit fees were delinquent for 2008, however with the site having been reclaimed, permit fees would be waived.

This site has been reclaimed and the BLM released it in a letter to Steven Sorenson received by the Division on September 16, 2009. The site was a small pit which has been regraded and seeded. Due to the extreme desert environment and the extensive cheat grass in this area, I was pleased to see desirable grass growing on site.

Photos were taken to document site conditions.

#### Conclusions and Recommendations:

The site be released and closed. The BLM can return the \$1075.00 bond to Mr. Sorenson.
